CCSAM Competitive Age Categories

Your competitive age category is based on how old you are as of **December 31st** in the *current competitive season*. For example, in 2014 – 2015 your age as of December 31, 2014 is your age for the entire 2014 – 2015 competitive season. Our Competition Model makes it possible for young skiers to compete in categories that are a better match for their *development age* if not their chronological age. For example, a Midget aged skier may race as a Juvenile whenever the athlete, their parents and coach together determine that to be the most appropriate competitive category.

Skiers wanting to race in a category other than their competitive age category must notify **Ron Pelletier**, the competition secretary by e-mail by Jan. 8th at 6:00 pm.
